Getting Started: Open Lab Status & Choose Your Lab

Start here

Explanation: Open the **Lab Status** tab in the top menu to see the **Computer labs** page. Each lab card shows the percentage of PCs available, how many are Working, Not working or in Maintenance, the total PCs and the last update time. Use the search box or the filters (All labs, Has faulty PCs, Has maintenance, All working) to find a lab quickly. Then click **View lab** on your lab (for example MB-414) to open its seating plan, and continue with Step 1.

Quick overview: the 6 steps to report a problem

Step 1	Open the classroom map and view all computers
Step 2	Select the specific PC and click "Report Problem"
Step 3	Select the problem category / type from the dropdown
Step 4	Enter the problem description (at least 10 characters) and optionally upload a photo
Step 5	Review the form and click "Submit Report"
Step 6	Receive the confirmation and track your Complaint ID under "My Reports"

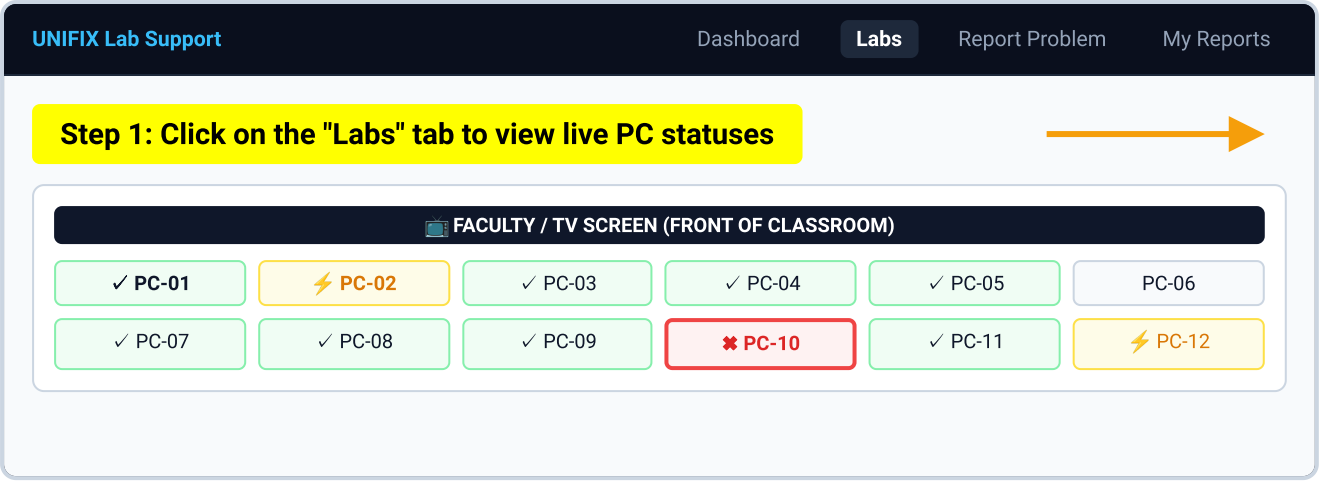

UNIFIX Problem Reporting User Guide

Step-by-step instructions for selecting PCs, filling details & tracking repairs

6-STEP FLOW

Step 1: Open Classroom Map & View All Computers

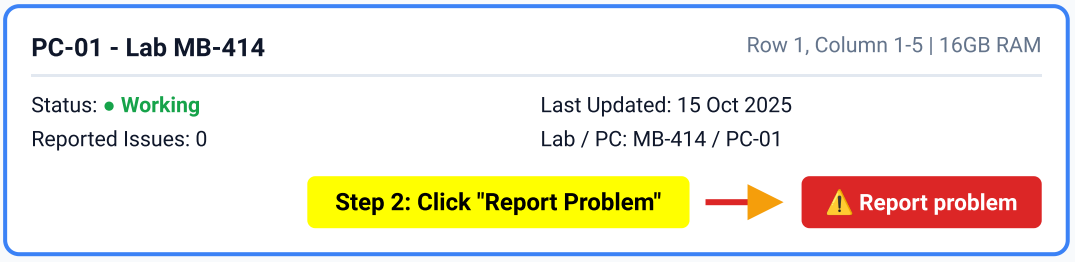

Screen 1 of 6

📌 **Explanation:** Navigate to the **Labs** menu to see a live spatial overview of all 24 PCs in room MB-414. Green icons indicate working machines, yellow indicates maintenance, and red marks reported issues.

Step 2: Select Specific PC & Click "Report Problem"

Screen 2 of 6

📌 **Explanation:** Clicking any workstation tile opens a popup displaying machine specifications, maintenance history, and a direct red "**Report problem**" button.

Step 3: Select Problem Category / Type

Screen 3 of 6

Lab: MB-414 **PC:** PC-01

Step 3: Choose fault type from dropdown

▼ PC Not Starting

- ✔ PC Not Starting
- Slow Computer
- Internet Not Working
- Keyboard / Mouse Problem
- Monitor / Display Problem

📌 **Explanation:** Pick the primary hardware or software category from the dropdown menu (e.g., PC Not Starting, Keyboard/Mouse Problem, OS/Network Issue).

Step 4: Enter Problem Description & Upload Photo

Screen 4 of 6

Problem description:

e.g. Screen goes black after a few minutes and the PC restarts automatically.

At least 10 characters. Mention what you saw and when it started.

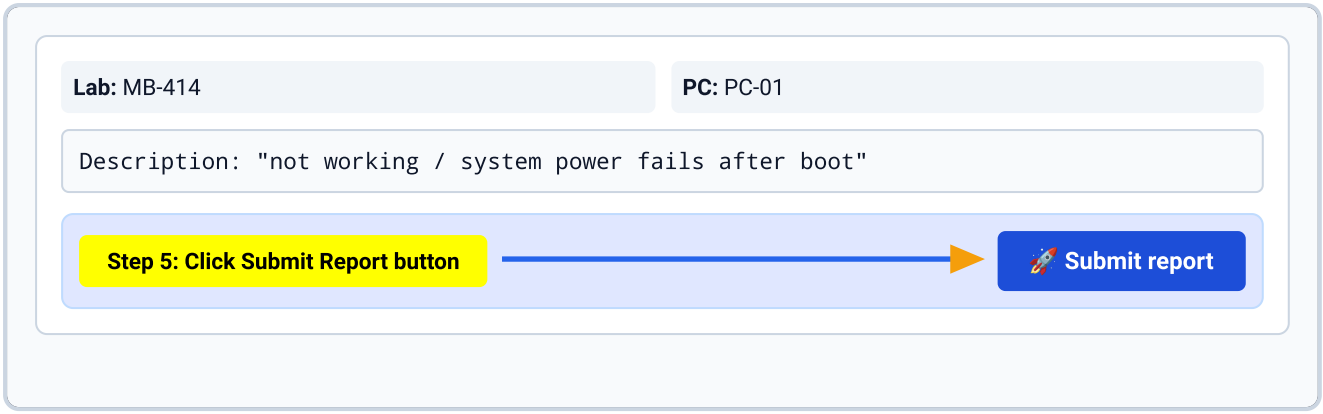

Step 4: Add mandatory description (>10 chars)

📷 Optional Screenshot (JPG, PNG, max 3MB)

📌 **Explanation:** Describe symptoms clearly with details on what happened. You may optionally attach a photo taken with your phone showing screen artifacts or hardware damage.

Step 5: Review Form & Click "Submit Report"

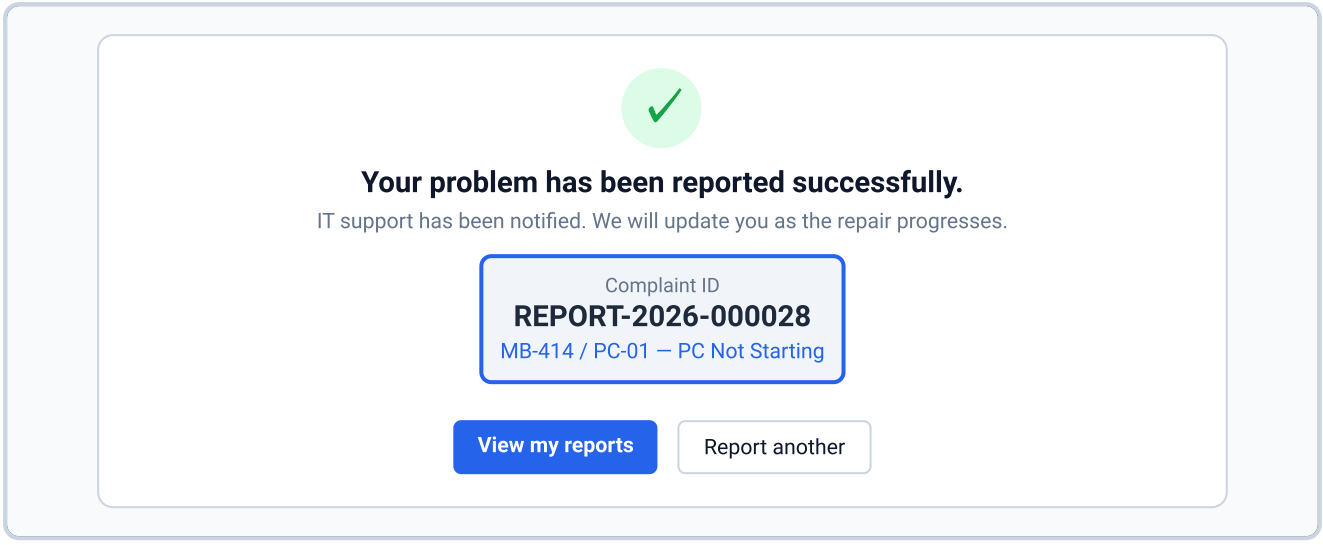

Screen 5 of 6

📌 **Explanation:** Verify all entries and click **Submit report**. The ticket is immediately dispatched to the college IT repair queue.

Step 6: Receive Confirmation & Track Ticket ID

Screen 6 of 6

📌 **Explanation:** A unique tracking ID (e.g., REPORT-2026-000028) is generated along with toast notifications confirming receipt. You can monitor progress under the **"My Reports"** tab.
